FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

Necessity compells me to intrude on your time by sending you my Returns of Stores for April, as far as I have succeeded to make them out, for inspection and correction before I send them officially in the proper form.

Unaccustomed to the new Blanks I can not finish them to my satisfaction and ask you respectfully to inform me if the different stores are enumerated under the proper Abstracts and vouched for by proper vouchers.

Abstract "K" is not on hand, please supply me with some if the articles manufactured have to be accounted for in it. Is the clothing issued in the right plaice or must it appear under Spec. Stores Abstract K? If so I shall need some of the latter.

Two of the desks borne on Agent Roustenberg's returns were originally "taken up" here, were transferred to A. A. Surg. Dalton, eighteen months since, are worth an equal number of cubic inches of fuel. They can well be dispensed with, but are not worth the drayage from the Agent's office to the Depot.

Dear Sir:-

Enclosed are Vouchers signed by the workmen, for repairing the house at Oxford, the work was let out by the job. for $85. Maj. Stonebreak estimated $75: but when I arrived commenced the work that the stairs would have to be torn up outside & covered. also the roof needed repairing & agreed to pay $10 more for that which was vouchered also, owing to the saw-mill being out of repair & my bill not filled. I had to hire the carpenter to rip strips out of rough edge boards to batten the cracks & pay him by the day $2 per day 2 days. amt $5: which should be added to the bill as though the strips were sawed at the mill of good lumber.

Bill of work amounts to $90.00

Please send another set of Vouchers as that I can settle up with Anderson & Hunter for Nails. Glass. &c. & save extra expenses that I had to pay for at the time of purchase.

Very Respectfully Yours

Dear Sir;

Enclosed find the bonds you sent properly signed. I am very much obliged to you for your liberality. I am greatly in need of a little help just now. Besides I had a chimney put up in the School House which is bending the rafters so much that I will have to take it down. & that will cost something. I think I shall start a night school for the Freedmen, if I dont succeed in getting a teacher soon.

I have a fine S. School
& about 100 have learned
to read & several to write
& all to sing -
I need books & writing
material for them.
I use Mc Guffy's 1st & 2d
Readers - & the New Testament
to read in. I have plenty
copies of the latter given me
by my bro. Rev. W. C. Smith -
but have no copy books. Pens
or Ink.

Very respectfully
R. B. Smith -

What would be the chance to get
you to have me 20 Desks made
for my School of colored & My
scholars are very kind to assist
in teaching the Colored S. School
with one; Any favor of the kind
would be thankfully rec'd -

I forward herewith bill of

Receipted, in accordance with your directions.

The most of these 110 loads were the old
hospital buildings which I have torn down.

I find that the lumber in them is of but
little use, it being mostly scraps of other buildings,
however I have made use of all I can of it to the best
advantage.

Sir

In reply to your letter of Nov. 16th enclosing estimate for plastering the School house and requesting me to inform you what I can get it done here for I have the honor to state that I can have it done for much less than the estimate you enclosed. I can purchase Lathes at $3.50 per thousand, hair for 45 cents per bushel, Sand we have already on the ground. I can employ plasterers at the rate of $2 per day, So my opinion the plastering will not cost exceeding $400

I will commence lathing next week, if the weather permits, unless I receive instructions to the contrary from you.

Very respectfully
Your obedient Servt,

Reports visit to Middleton's plantation on the Ogeechee to Enquire into the discharge by Mr Middleton of certain freed people, after they cultivated their patches. States, that these men were of a vicious character, dangerous to the peace of the community in which they lived; that they were hired by the day, and paid off weekly, that the matter was amicably settled in their being free to dispose of their interest in their patches to the other hands, also forwards his Vouchers.

Asst. Comd'g State of Ga.

General,

In obedience to Orders from S.O. Comd'g. I proceeded to Middleton's plantation on the Ogechee, on the 5th inst. for the purpose of enquiring into certain complaints preferred against Mr. Middleton by freedpeople, alleged to have been discharged from said plantation, after having cultivated the resp. patches assigned for their private use for this years crop.

It appears, that these men, so discharged - nine in number - were of a very troublesome, riotous character, instigating the better disposed to acts of violence, holding meetings late of nights, armed to the teeth, and even threatening the life of their employer, so much so, that Mr Middleton was obliged to apply to the Commandant of this Post for a detachment of troops, to prevent mischief. -

6

Mr. Middleton employs a large number of hands - some 150 in number. The plantation is controlled by Northern Capitalists for whom Mr. Middleton is acting as an agent. The hands employed on the place, refused to enter into contracts; they, therefore, worked by the day, and were paid off promptly every week. No objection was made to those, who had families, cultivating a little garden patch, inasmuch as they were employed during good behavior. This privilege, however, was not binding on Mr. Middleton, in the absence of any contract or agreement to that effect.

It was necessary to discharge these men for the better discipline of the remaining hands. They were paid in full for services rendered, and Mr Middleton agreed that they were free to dispose of their interest in these patches to others. Kept in his employ as they saw fit. — Vouchers for actual expenses herewith.

General

I have the honor to report having visited Belleville Plantation with a view to settlement of last years accts. by taking notice from people for rents still due Govt. for rations advanced. the people objected to charges made against them for said rations, and stated that they did not receive one half of the Amt rent. they produce memorandum of Amts issued them - in hand writing of Howard Adopted son of Mr Campbell from which it would appear that fraud was used by some one - In the Mem. rolls list of charges furnished me by Mr. Campbell no charge is made against himself and two sons and their respective families and from representations made it would seem that there are some larger discrepancies than the above would cause. Until I can see Mr. Campbell and hear his explanation I shall decline expressing my opinion freely - although from present advices his transactions appear anything but fair. I have the honor to report having visited Mr. Kearsing at Barlow Station No. 11. C.R.R. Am much pleased with the manner in which he takes hold of his new duties and predict that we have in him an active and valuable agent. It is very desirable that a small detail of troops be left him upon the withdrawal of the C. here now stationed. Vague and unpleasant rumors are afloat regarding Mr. Moffitt. but they for entirely unauthenticated. Parson Johnson and others at the place speak in the highest terms of him and express the belief that his transactions were honorable and honest. - Enclosed please find receipted vouchers for expenses incurred in performing the above journey

Sir

According to your instructions I went to Thomasville on the 11th and engaged the lumber for the School house at that place. The lumber is worth ($10) ten dolars per thousand at the Mill and the Mill is (5) five Miles from Thomasville they charge ($3.50) Three dollars and fifty cents per thousand for hauling the lumber. The Miller will have the hauling done. There are no seasoned lumber to be had near Thomasville and none at Valdosta. There are a one horse planeing Mill at Thomasville and they want ($10) ten dollars per thousand for dressing the lumber. and (8) eight cents per foot for moulding perhaps I can bring them down in their price for dressing lumber when I go there to work.

The Miller agreed to furnish ($000) eight= thousand feet of lumber per week. The brick are sold at ($13) thirteen dollars per thousand I did not engage any brick yet.

I enclose the time of the men that I discharged last week. I will be ready to go to Newton the first of next week.

The plaster of P^s I received And the Shellac is very poor it is just as thin as water. I have had one coat put on the desks and I cant see any differance that it makes to them.

Sir

Your letters dated Janry. 17th and 23d were rec'd Janry. 26th. I enclose herewith an account of the time of employes hired at this place. Also a Bill of Material for the school house at Thomasville.

According to your directions I made an estimate for the lumber for Thomasville job And as Mr Clark is acquinted there he forwarded the Bill to the Saw mill at or near Thomasville her (Mr Clark) has business there this week And he will find out when they can furnish the lumber. I would have gone there myself but the Latters are at work and I want to hurry them through and try and get the scratch coat on

this work if possible so as to have it dry next week.

You will see by the enclosed estimate that I have not put in for any Mineral paint there were 2 barrels sent instead of 1½ it goes further on the rough plank than I expected I think there will be enough for Thomasville job.

Thompson to sign Receipts in Duplicate which I enclose. I have carefully examined the Lumber Bill with my Book and found it correct. excepting the dates he did not have them entered I have dated the Bill according as I rec'd the Lumber.

Mr Thompson has concluded the handling with the Lumber the price of the Lumber is $10,00 per thousand and the handling $3.50 per thousand feet.

I wanted Mr Thompson to await until you came here so I thought you would come down about the time the job was finished but he said that he was in need of the Money at present

over

I may need a little more lumber to finish the Roof's Cover and the Gutter but I thought that it was better to wait until I saw how much was left from the House.

Sir

I have the honor to report that I came to Thomasville on the 3 inst. There were part of the framing timber on the ground when I got here and that gave me a good start. There will be no diffculty about the sawing of the lumber on this job.

The Miller has only got one team hauling but he says that he will have another this week. if he does that I will get the lumber as fast as I can saw it.

I can get the flooring dressed and matched for $ 10.00 per (1000) thousand. other stuff under (8) eight inches wide for $ 4.00 per (1000) thousand. It is a small planning Machine and can't

I was wide stuff. I can get the moulding worked for 15¢
five cents per foot (running measure)

They charge for brick at the yard $15.00 per thousand
and $1.00 for hauling second quality $12.00 per thousand but
very poor bricks.

The dash lumber will need to be kiln dried as it is green and
there are no wood on the place. Please instruct me about the
wood if I shall buy it or not the stuff is too green to work unless
it is dried. Mr Thompson the Miller gets a little scared
about getting the money for his lumber Mr Clark was down
here since I engaged the lumber and some of the freedmen
was having something to say about it and the miller
told me since I came here to work that he though there were
too many Cooks round the pot for him to get his share.

I told Mr Thompson to charge the Bill to Major
C. I Watson and that you would be here in person to pay
the Bill as soon as filled

I will have the wood work finished to morrow. The Painter has about two days work he has got the desks in one room to varnish and the Blackboards to paint as soon as the hard finish is dry. I will go to Thomasvill to morrow night as there are no lumber at Newton. Mr Clark was at Thomas last Saturday he said that parts of the sills were loaded to the place at Thomasville and the Miller told him that he had sawed (8000) eight thousand feet of the lumber last week I think that I will have enough to start on as soon as I get there, I will forward Mr Lachlins and Hutchens accts to morrow.

Sir

I have the honor to transmit herewith Vouchers signed in duplicate by Isaac. Strickland and Mc. Kray. for the Month of May 1864 Finishing the labor bills for the Thomasville job.
Also find enclosed Vouchers signed by B. D. Humphries for the use of two teams hauling your employes from Thomasville to Newton. Humphries charged me $16.00 for each two horse team I paid $2.00 for Barley and $2.00 for corn to feed the horses while geting here. Total amount I paid for teams ($36.00) thirty six dollars.
I sent 4 hands from Thomasville to Newton on the 11th Inst. they got here on saturday the 15th.
I started from Thomasville to Newton on the 15th Inst and got here on the 17th I could not leave

Thomasville till the hands that were discharged
there got their money, But I suppose Mr Gray
told you about that.
I have got a good start with the Building
considering the March we had. We had to
walk all the way here from Thomasville we were
tired it is the longest 50 miles I ever walked
the roads were bad we had to pry the wagons
out of the mud when crossing the Marshes
the teams were over loaded with tools nails
paints &c &c

Major You spok of putting $2 00,00 to the $500,00
already appropriated for this job I think that it
will take every dollar of it Mr C Clark has
got lumber bills out that is not paid yet

I made an estimate for 17 00 ft of flooring and
when I came here I only found 1300 ft I don't
know wether the lumber has been delivered
or stole since delivered there are 12 pcs 1+11-16
long missing also two end plates were gone
I have to get more flooring. I have got
the house raised planked Window and
door frames set. it will be ready for shingling
tomorrow. But the man that Mr Clark

hard getting out the shingles he sold the
shingles to another party and has left this
place so I will have to find some other
person to get them outs and that will
delay the work I want to get it finished by the last
of this month I dont like this place (too hot)
Will you please send me the recommand that
I asked you for when you was in Thomasville I
would like to get it befor I leave this place and
I would like if you would get me a recommand
from Col, Lewis if it is not gaving you too much
trouble. Thomas Gracy would like a
recommend from you I can certify that he
is a good and faithfully workman.
Please send the money that the
enclosed vouchers calls for to this place.
Will you be able to let Gracy Williams
and myself have any money instead
of transportation to take us to Atlanta
Please let me know in your next letter.

General

I have the honor to enclose herewith for your approval six transportation vouchers. The first was incurred in travelling from this place to Kinnebrew Plantation for the purpose of investigating case where a Freedman had been discharged with his entire family and received no wages, I found it so upon investigation & received the money for the Freedman. The second was incurred in travelling from this place to Calhoun to collect money from A. A. Buck late Agent late Agent whom I found imprisoned on charge of Bigamy therefore collected nothing, to Dalton to inspect office, and to Varnell Station to investigate case where property that had been sold a Freedman was levied upon for costs on judgement against the person who sold the property. The third was incurred in travelling to Varnell's Station & beyond to investigate a case where property had been left to Freedmen by their former owner and they had not received it. Went to Dans Co. near Kingston to see that parties who

shot an old Freedman were arrested. Fifth in going to Lafayette to investigate case who a peaceable Freedman had been shot in his own house also to procure affidavit &c. in regard to claims for property that had been returned to the late Agent Curtis for correction. Sixth to Summerville to have parties arrested who had assaulted a boy (Colx) of sixteen, tying a rope around his neck and trying terrify him into confessing that he had found some money that had been lost also to be present at the trial of the guilty parties.

Sir

Herewith I have the honor to forward vouchers for transportation to Colonels Island and Savannah, and to report that I visited the former place for the purpose of settling the plantation accounts and dividing the rice crop of 1867, on plantation of J. M. King, the laborers on said plantation complained that efforts were being made to dispossess them of a large portion of their crop; I found upon investigation that the planter had claims against the Freedmen of a fraudulent character for loss time etc. those claims were not admitted and an equitable division of the crop effected.

I visited the city of Savannah for the purpose of establishing and collecting a claim of Prince Maxwell and five other (freedmen) against one

over

Quartermaster, who had filed a petition in Bankruptcy, the claim was for labor, done in 1865, and was collected, and paid to said Freedmen;

I have the honor to report that the Kitchen & the Quarters I occupy at this Hospital together with one (1) Cooking Stove and fixtures Complete Cooking Utensils, One (1) Iron Bedstead, a small quantity of Bedding Knives and Forks Cups & other Articles not yet ascertained were destroyed by fire on Sunday the 7th inst.

The building was divided into three (3) rooms, The first of which was used as a Cook room, the second as a Pantry and the third as a Bedroom. The fire originated in the Bedroom and when discovered was issuing from the room in every direction and in a moments time the whole building was in flames.

By a fortunate change of the wind and

great exertions of persons present, the main building was saved, but not without sustaining considerable damage, especially the Windows as the Sashes were removed and somewhat roughly handled, breaking quite a number of Panes of Glass. How the building took fire I am unable to explain.

I would respectfully state that there is a small building on the premises, formerly used as a Guard House, that by slight repairs, will answer very well the purposes of a Kitchen for the present.

October 21st 1867

Major,

In reference to the shipment of (6000) Six thousand Brick, to Lieut. D.S. Risley. Brunswick. Ga. I would most respectfully state, that the brick was sent down to the Steamer "Lizzie Baker" by the parties of whom they was purchased, without any duty ticket or marks of any kind. and the Agents of the "Slur" say that arrangements was with them to transport the brick to Darien Ga. but by whom they cannot tell,

The Bills of Lading was properly made out and signed before the departure of the "Steamer" and transmitted by the same to "Lieut Risley." and the Agent at the Wharf tells me, that the Original Bill of Lading was also sent down. by the "Slur" and acknowledges that the fault was of course that of the Officers of the boat, in not delivering the brick according to marks on "Bills of Lading" - I notified Messrs Vaughan & Cunningham of the fact, and they told me they would have the Steamer "Sylvan Shore", transport a portion of them to Brunswick Ga. the first trip, over

and the balance on the 2d Trip of the "Starr" The "Lizzie Baker" has been drawn off of the Line for repairs had this not have been the case, there would have been only a delay of one trip, as they would have taken the brick on her return trip, to Brunswick. Ga. I received a letter from Lieut. D. H. Risley. S.A.C in answer to which I explained the circumstance,
